To,

The Training/Personnel/HRD Manager

Sub: Requesting Implant Training for our student.

Respected Sir/Madam,

We have been providing competent Diploma and Degree engineering manpower to industries, research and academic organizations. Our aim is to provide every student, knowledge and skill for gainful employment that will generate the human resource for accelerating the economic growth, which will inculcate in each student ethics, accountability and patriotism. Training is survival. Quality education and technical training boost the attitude & self-esteem of our students. We request you to provide rigorous training to our students as a part of **Industry-Institute Co- operation** in nation building.

It is one of the criteria in our diploma curriculum that engineering students should undergo in plant training for a period of a 10 to 30 day. This training will help to boost our student's confidence and also nourish their discipline knowledge. Kindly requesting you to give permission for undergoing in-plant training as per your decided policies.

Thanking you,

(Dept. Coordinator)

(Training & placement officer)

Vision of Institute

Strive for excellence in quality technical education and social responsibilities to create competent technocrats for the social welfare.

Mission of Institute

- M1.** To provide a scholarly and vibrant learning environment that enables students to achieve professional growth
- M2.** To impart quality technical education through content beyond programs to fulfill industrial requirements .
- M3.** To provide programs focusing on the holistic development of an individual and inculcating social as well as environmental responsibilities.
- M4.** To strengthen interaction with industries for empowering the students to work in adverse conditions.
