Principal's Desk

(Prof.A.A.Vagyan)

It is a great pleasure for me to welcome you to **Ashokrao Mane Polytechnic**. In this very dynamic and competitive educational environment, the college is in the process of providing quality education and re-position itself to meet the challenges. Meeting and measuring up to the emerging challenges is the prime function of today's students. To do this, it requires keen perception, flexibility and the ability to merge theories into action plans. We believe in providing students with hands-on training that will further hone their technical skills with soft skills. We believe in giving our students

the competitive advantage in the business world, by encouraging them to be inquisitive and make informed choices. Apart from the prescribed curriculum by the MSBTE, our college structures customized special programs based on specific requirements of the industry with a focus on priorities. Periodic quality audits are conducted to ensure effective teaching, class room management, efficient documentation and judicious review of teaching learning process. **Ashokrao Mane Polytechnic** is committed to play a key role in creating an ambience for nurturing the leaders of tomorrow. In doing so, we hope to make significant contributions to the development of the country and improvement in the quality of life of its citizens. I welcome you to explore our College as we commit ourselves to reach even greater heights.

Editor's Desk

(Mr. Y. R. Gurav)

“A good head and good heart are always a formidable combination. But when you add to that a literate tongue or pen, then you have something very special.”

HISTORY OF THE DEPARTMENT

Ashokrao

Manepolytechnic, Vathartarvadgaon

Department of Computer Engineering has established in 2008. The department has evolved over the years to become one of the active departments of this college in teaching and providing services to students. The focus of the department's teaching activity is on advanced computational methods for modeling, analyzing and solving complex tasks in technology and science. The curriculum provided by our department is flexible and provides opportunities for students to emphasize specific areas of interest through their choice of appropriate measure and technical elective. To create an academic environment at the departmental level, we have a well-maintained library with funds from management. The Department has well-equipped laboratories with latest hardware and software. The laboratory has 10KVA power backup facility for each and 40 MBPS Vodafone lease line.

VISION:

To be a well-recognized department in technology to meet the growing needs of the industry and society.

MISSION:

- Imparting quality education through a well-designed curriculum which improves basic and disciplinary knowledge of the subject.
- To train the students to design, develop and test world-class software systems.

- To inculcate the spirit of analysis, teamwork, innovation and professionalism among the students.
- To train students with hard and soft skills for their future jobs, higher studies and to be an entrepreneur.
